ECONOMISTS-SPEAK 'Healthcare should be govt priority'

At SBI-organised 7th economic conclave, experts say govt should try making cities slum-free by 2023

PRESS TRUST OF INDIA
Mumbai, July 11

THE GOVERNMENT CAN turn Covid-19 crisis into an opportunity by investing in healthcare, and it should also pursue making all the cities slum-free by 2023, according to economists. At the seventh economic conclave, organised by the State Bank of India on Saturday, there was a unanimity among economists on laying greater thrust on de-centralisation in policy-making in the future, as a one size fits all approach may not always work. India at present has the third-highest number of Covid-19 cases after the US and Brazil, and has already lost over 22,000 people.

"It's very concerning that a lot of this discussion of the Aatmanirbhar Bharat package or other packages are not talking about what investments are taking place in the health sector. How much are we spending on testing, basic information campaigns."

"This is a health-induced crisis, you got to respond to that in order to respond to the economy," Rohini Pande, who is associated with Yale University, said.

India has historically under-invested in health and the increase is not very much right now as well, she said, stressing that, "we need to recognise that for economic recovery, humanitarian and health crisis are all inter-linked." "To change this crisis to an opportunity, let us invest in the health sector," SBI's chief economist S K Ghosh said, suggesting a plan to build a 500-bed hospital in 250 districts at a cost of ₹60,000 crore over the next two years.

Pande said frontline health workers were not paid, and, "we can immediately start paying them and expand their base, which will lead to better case spotting and also contact tracing."

Arjun Jayadev with Azim Premji University said concerns on the health infrastructure affected the broader economy as well and pointed out that the animal spirits could only be rekindled once the fear of health shock goes away.

"Many migrant labourers may not want to return to the cities not just because they are not getting a good conducive environment to live, but they are bothered about their health condition as well," he said. The Indian economy runs on two gears — one which have access to expensive private healthcare and the others who don't, Jayadev said, adding that universalisation of services should be a key theme while investing the money.

"You've this horrific situation where 5 lakh die of TB, 1.5 lakh children die and we don't bat an eyelid, except when the situation comes to us as Covid," he added.

Rathin Roy in National Institute of Public Finance and Policy (NIPFP) suggested a radical change in output measurement, where gains on agriculture, health, education and housing become the lead indicators of economic strength rather than focusing on automobile sales and FMCG good sales. Roy also proposed making a slum-free India as a policy objective by 2023.

"It is obvious from the migrant labour problem, it is obvious from the Covid situation that a slum free India (by 2023) should be our objective. I do not see enough economists, enough policymakers, even mentioning a slum-free India," he said. All the economists also seemed to agree that the Reserve Bank of India will have to monetise a part of the fiscal deficit this year due to the extreme strain on government finances, but did not offer a quantum or timeline.

All Delhi state univ exams cancelled due to corona: Sisodia

PRESS TRUST OF INDIA
New Delhi, July 11

DELHI GOVERNMENT HAS decided to cancel all forthcoming semesters and final exams of universities under it due to the Covid-19 situation, deputy chief minister Manish Sisodia said on Saturday. Sisodia said these state universities have been asked to promote their students and award them degrees adopting a "progressive method of evaluation."

He said CM Arvind Kejriwal has written to PM Narendra Modi, requesting him to replicate Delhi government's decision for all central universities across the country to end uncertainty among students regarding the exams.

Sisodia said Delhi government's decision did not concern Delhi University (DU), Jawaharlar Nehru University (JNU) and other central universities in the national capital. The state universities under Delhi government include National Law University, Delhi Technological University, Ambedkar University, Guru Gobind Singh Indraprastha University, Netaji Subhas University of Technology and Indira Gandhi Delhi Technical University for Women.

The deputy CM, who is also Delhi's education minister, said studies in the universities were disrupted due to the pandemic, and it was not possible to conduct examinations. Unprece-

dent times require unprecedented decisions, Sisodia said. "The issue was complex since no studies or any other academic activities took place in the semester. It

was not possible to hold exams without any studies. So we have asked universities to cancel exams and promote students to next semester on the basis of past results or some other progressive method of evaluation," he said.

Sisodia said though it was not possible to conduct final year examinations, providing degrees to students for jobs and future academic pursuits was necessary. "We have asked the universities to cancel final year exams and come out with some formula of evaluation for awarding degrees," he said.

Sisodia also hoped that the prime minister will take cognizance of the chief minister's request to cancel exams of all central universities across the country and soon issue some direction.

PNB Housing Finance to seek shareholders' nod to raise up to ₹45,000 crore

PRESS TRUST OF INDIA
New Delhi, July 11

PNB HOUSING FINANCE said it would seek shareholders' approval next month to raise up to ₹45,000 crore through debt securities. The company's annual general meeting is scheduled to take place on August 5, 2020.

Shareholders are being requested to authorise the board of directors to offer, from time to time, the subscription of redeemable, secured/unsecured non-convertible debentures

(NCDs) aggregating up to ₹45,000 crore in one or more tranches, PNB Housing Finance said in a regulatory filing. The company may issue the bonds through private placement or by way of public issue.

As on March 31, bonds/non-convertible debentures constitute significant portion of the total borrowings of the company, it said. Borrowings through these instruments facilitate the raising of resource in a highly flexible and requirement-driven manner, it added.

"The company intends to raise long term funds through bonds in the current year as well to meet lending requirements. It is therefore proposed that the members authorise the board to borrow money through NCDs up to ₹45,000 crore outstanding at any time through private placement offer letter and/or by way of public issue from time to time," PNB Housing Finance said. In 2019-20, the company had net interest income of ₹2,308 crore, registering growth of 12% from a year ago.
